SUMMARY

I am a Computer Science graduate with a strong foundation in C++, Java, and Python, and hands-on experience building a DirectX11 3D game engine, data compression tools, and API-integrated applications. Background in high-responsibility, client-facing environments has sharpened communication, problem-solving, and attention to detail. Seeking an entry-level software engineering role to bring technical skills into a professional setting and continue growing as a developer.

TECHNICAL SKILLS

Proficient: C++, Java, Python, JavaScript, SQL, HTML, CSS

Concepts: Object-Oriented Programming, Data Structures, Algorithms, RESTful APIs, Relational Databases

Tools & Methods: Git, Version Control, Agile Scrum, SDLC, CI/CD

Familiar: React.js, MongoDB, Docker, UI/UX Principles

PROJECTS

3D Game Engine | C++, *DirectX11*, *NVIDIA PhysX* | [GitHub](#) | [YouTube](#)

- Built a closed-source real-time 3D engine featuring a PBR rendering pipeline, NVIDIA PhysX integration, skeletal animation blending, and a full post-processing stack including bloom, fog, and color grading. Demo available on request.

3D Game Engine First Design | C++, *DirectX11* | [GitHub](#)

- Built a fully functional 3D game engine from scratch using the DirectX11 graphics API, implementing rendering pipelines, scene management, and real-time input handling.

Restaurant Menu Application | Java | [GitHub](#)

- Developed a functional restaurant menu application with a graphical user interface, applying OOP design principles and event-driven programming.

Huffman Encoding Compression Tool | Java | [GitHub](#)

- Implemented lossless text file compression and decompression using the Huffman encoding algorithm, demonstrating applied knowledge of trees, priority queues, and bitwise operations.

EDUCATION

Bachelor of Arts in Computer Science *June 2023*

The City University of New York – Queens College, Queens, NY

PROFESSIONAL EXPERIENCE

Concierge | *MiMA Luxury Rental Apartments* | New York, NY *03/2026 – Present*

- Managed front-desk operations for a luxury high-rise community, including multi-line phone systems, visitor logs, and resident communications with professionalism and discretion.
- Coordinated package deliveries, maintenance requests, and service reservations, demonstrating strong organizational and prioritization skills in a fast-paced environment.

Unit Clerk | *NewYork-Presbyterian Hospital* | New York, NY *04/2022 – 06/2024*

- Maintained strict HIPAA compliance in managing sensitive patient records, discharge documents, and admission paperwork — directly applicable experience in data privacy and security practices.
- Handled high-volume administrative workflows including email correspondence, phone communications, and medical order placement with accuracy under pressure.

Ground Operations | *JetBlue Airways* | Queens, NY *10/2021 – 03/2022*

- Adhered to TSA and Port Authority safety and security protocols, demonstrating reliability and compliance in a regulated, high-stakes environment.
- Coordinated aircraft movement and managed efficient loading and unloading of freight and passenger baggage during arrival and departure operations.

Ground Control | *Yotel New York* | New York, NY *06/2011 – 02/2020*

- Delivered personalized guest experiences including check-in/check-out, NYC recommendations, and luggage handling across a nearly decade-long tenure.
